CCB is offering a new customer incentive program called the **Send a Friend Reward Program**.

Existing and new CCB customers will now have the opportunity to earn money for referring brand new customers who open accounts with CCB.

- ◆ A NEW customer is considered someone who does not have existing accounts with CCB.
- ◆ The current CCB customer and the new customer cannot live in the same household.
- ◆ There is no limit to the number of rewards a customer can earn.
- ◆ Rewards are awarded for new customers who meet eligibility requirements to open new accounts.

The reward is based on the new customer not on the number of accounts the new customer opens, business or personal. For example: If Sally is a new customer, she is referred by Joe. Sally opens a personal checking, a savings and a Just Right Checking 1 for her business. Joe will be credited a reward of \$10 for Sally not \$10 for each of Sally's accounts.

So start earning today and “Send a Friend” our way!

Just fill in the top 2 lines and have the new customer give this to the New Accounts person at any branch.
